### **~ About the Author ~**

Donna has been personal assistant to Neale Donald Walsch since 2001, as well as a spiritual explorer for over 40 years. One of her passions is to inspire people to release their fear of death/dying, to embrace Life more fully while in this physical world, and to move forward gracefully into the spiritual realm at the time of their Soul’s choosing.

In 2006, she produced her first CD called “Forever with God” in which she reads selections from Neale’s book, *Home with God in a Life That Never Ends*. The readings are accompanied by the celestial music of musician extraordinaire, Stephen Pike, and are intended to bring about a deeper understanding of the death process.

In 2008, she produced two new CDs: “The Beginning”, which contains concepts from *Conversations with God Book One*, and “Timeless”, which contains concepts from *Conversations with God Book Two*. Her voice is once again accompanied by the music of Stephen Pike. (CDs available at [www.sacredearthpath.com](http://www.sacredearthpath.com)) During the 80s/90s she worked for fifteen years in a Fortune 500 company where she developed an interest in environmental issues. She was awarded the 1995 Lake County Environmental Improvement Award in Lake County, Ohio, where she co-founded the Northern Ohio Windstar Connection, a grassroots environmental organization affiliated with John Denver’s Windstar Foundation. She directed The Vegetarian Connection, was regional coordinator of a county-wide reforestation program, and several other environmental projects. More recently her passion for the earth has led her to become a facilitator for the “Awakening the Dreamer, Changing the Dream” symposium which was created by the Pachamama Alliance. The mission of the symposium is to create an environmentally sustainable, spiritually fulfilling, socially just human presence on the planet. Early in 2008, Donna became a Charter Ambassador for Humanity Unites Brilliance (HUB). HUB is a new business model for today’s business and humanitarian living, connecting likeminded, heart-centered, social change leaders and organizations and enabling them to magnify their positive impact in the world. For more information about HUB’s impact on the planet, which includes providing food, education, clean water, and microloans, go to <http://donnacorso.hubhub.org/home.php>.

Donna also is a contributing author in an anthology called ***Living an Abundant Life*** along with Sandy Forster, Mark Victor Hansen, Jack Canfield, Wayne Dyer, Brian Tracy, Neale Donald Walsch, and others. Her poetry, which appears on her Sacred Earth website, has been published in Mystic Pop Magazine, and she has been a member of Ashland Toastmasters since 2000.

Donna makes her home in Ashland, Oregon. She has three children (Steve Corso, Kristi Myers and Lori Forester) as well as two granddaughters (Sierra Forester and Nadia Corso).
